

WEATHERMAN WOULD BE CITY'S FORESTER

Henry Swaim Admits He May Make Application for Ordinance is Passed — Boys Barred From Wading Pool.

Two bids for the improvement of St. Louis st. from Jefferson to South Bend av. were opened by the park board Monday evening and referred to the city engineer for tabulation. They were from the D. M. Becklin company of Goshen and Rankert & Eggleston of Mishawaka. Before the contract is let the board members will go to Mishawaka to inspect the plan of the latter company.

Henry Swaim, well known as weather observer for St. Joseph county and a horticulturist of statewide fame, was present at the board meeting to discuss the proposed office of city forester which is provided in an ordinance which is now before the city council. Swaim said he probably would make application for the position if the ordinance is passed.

The board passed a resolution barring boys over 10 years of age from the wading pool in Leeper park. The members declared the pool is especially for the little children and that complaints have been coming in that older boys hang around the pool and spoil the fun for the youngsters. The older boys are expected to go in the swimming pool in the river where Prof. Eduard Koenig is in charge. The improvement on St. Louis st. includes pavement and curbing, the power over this work having been given to the board at the last session of the city council. After the public meeting the board went into executive session to discuss the specifications for the improvements and a communication from Geo. Kessler, landscape architect for the city.

DEMOCRATS ARE TO VOTE FOR TARIFF MEASURE

far possessions or of checking the beet sugar development or the wool industry of the far west. Such action is likely to make us dependent on foreign countries and ultimately raise the price of both sugar and wool." Before final action on the bill the caucus gave concessions to the senators from wool growing states by adopting an amendment making effective the provision for free raw wool on Dec. 1, 1913, and the rate on manufacturers on Jan. 1, 1914.

BULGARS THREATEN RETREATING SERVANS

Little Talk of Stopping the War is Heard at Meeting of Representatives Who Discuss Boundaries.

LONDON, July 8.—The most important news from the seat of war Monday is the report confirmed from Sofia of the appearance of a large Bulgarian force at Vranja, threatening the Serbian line of retreat.

Still more significant, as tending to confirm the belief that the Servians are suffering defeat, is the announcement from Belgrade that only meager reports are being received from the Serbian army headquarters, and that the government has decided to only publish reports on alternate days. Whatever the policy of the European powers may be, little is now heard of attempts to stop the war. The ambassadorial conference met in London again Monday, but apparently did little except discuss the boundaries of Albania. Meanwhile, Roumania and Turkey give signs that they will not long be idle spectators, and the Balkan states continue the struggle which will paralyze them for years to come.

News of the fighting continues contradictory in character. It is almost invariably from official sources in the respective capitals; no independent testimony is available. This applies equally to the struggle between the Greeks and the Bulgarians and between the Bulgarians and the Servians.

A dispatch from Salonika reports that the Greeks have occupied Demirhisir and Strumitza, and according to the most likely information, the Bulgarian general, Ivanoff, has been slowly retiring before the superior Greek forces northward since his army was weakened by the departure of his right wing to attack Krivolak. It should be noted that another dispatch asserts that Gen. Ivanoff by an unexpected attack scattered the Greek army of 80,000 commanded by King Constantine, and occupied Nigrita and other points on the Greek line.

It is possible that both reports are correct and that that crediting victory to Gen. Ivanoff has reference to a later date, after the Bulgarian commander has reinforced his forces. An interesting detailed report from Greek official sources of last week's operations, describes how the Bulgarians by incessant labor had transformed Kilkish into another Plevna with a surprising extent of trenches, guns and defenses, and asserts that the Greeks by their successful advance prevented the execution of a plan for a Bulgarian attack on Salonika.

LIVED TWO DAYS ON WILD BERRIES

Man Who is Charged With Killing Albert Brooks on Saturday Night, Gives Himself Up to Officers.

INDIANAPOLIS, July 8.—Driven to his home by hunger William F. Logan, who Saturday night shot and killed Albert Brooks, in a construction camp north of here, was arrested late Monday by a deputy sheriff. He is charged with first degree murder.

Famished and tired of dodging officers Logan went to the home of his mother, Mrs. Sarah Riley, here and was found by the officer, Deputy Sheriff Lysaght had gone to the home to get a list of the names of all of Logan's relatives and stepping upon the rear porch told Mrs. Riley he was a deputy sheriff.

"I'm the man you're looking for," Logan said, stepping out of the house. "I'll go with you but don't let them hurt me. They'll kill me if they get a chance."

Logan asserts that he was forced to kill Brooks to protect himself. He had boarded with the latter and went to the Brooks tent Saturday night to get some of his clothing, he told officers. Brooks threatened to kill him and it was then, the prisoner declares, that he shot the man. Logan denies that he ordered Mrs. Brooks to tell the police that her husband committed suicide.

Since Saturday night Logan says he has hidden in bushes along White river and his only food has been wild berries.

MAN PLACED ON TRIAL FOR MURDER OF SISTER

State Demands the Death Penalty if James Gordon is Found Guilty of Crime.

INDIANAPOLIS, July 8.—James Gordon, who about two months ago killed his young sister, Gertrude, by striking her over the head with a chair, was placed on trial here Monday on a charge of first degree murder. The state demanded a death penalty if Gordon is found guilty. William Horigan, who witnessed the assault, was the first witness called. He told of hearing the girl speak to her brother and seeing the man strike the child. Gordon's attorney, before the testimony was commenced, entered a plea of insanity. Gordon's mother, who has been subpoenaed as a witness for the state, was in the court room today and before Gordon was returned to the county jail, he stopped and kissed her.

CONFESSION RECALLS PEARL BRYAN'S DEATH

Simon Falkenstein Tells Police He Did the Deed, While Others Paid Penalty.

LOS ANGELES, July 8.—Corroboration of Simon Falkenstein's story of the killing of Capt. and Mrs. Detrick of Bellefontaine, O. was given late Monday by O. Detrick, a grand nephew of the murdered man.

Officers questioned Falkenstein late Monday concerning the murder of Pearl Bryan at Cincinnati, O. who, the prisoner alleged, had been killed by him, although Walling and Jackson, medical students, were executed for the crime.

"What did you do with Pearl Bryan's head?" he was asked. "That was up to Walling and Jackson," he replied. "They got the body complete from me. I don't know what they did with it."

MANAGER OF AKRON ADMITS A BIRTHDAY

AKRON, O., July 8.—Betrayed into an unjudicious statement, Manager Siegel of the local Interstates admitted that July 8 would be his birthday. Modestly he confessed to 18 years and seemed hurt when his veracity was questioned. "It's the last birthday I'm going to have," Manager John declared. "I wouldn't be going to have this one if

I had remembered to keep my mouth shut."

After commenting on the ages of those patriarchs, Honus Wagner and Larry Lajoie, the Giants' leader went to have his lame knee treated.

But even though Siegel isn't telling, he's not worn out by any means and has many more years as a ball player, to come. The lean and slippered pantaloons stage still is a long way off, fans who have seen him cavort around in center field attest.

PRESIDENT FINDS COOLING BREEZES

Wood Fire is Needed and He May Stay at Cornish, N. H., For Several Days.

CORNISH, N. H., July 8.—The cheerful glow of wood fires in the summer white house Monday night brought cozy warmth from the autumn-like breezes that swept the surrounding hills, and Pres. Wilson was so delighted with the sudden drop in temperature that he was considering the possibility of his extending his stay until Thursday. The president decided definitely that he would not go back Tuesday. He set no exact date for his return, but there appeared little doubt that it would be in a day or two. He will be governed entirely by Sec. Tumulty's advice.

CHICAGO, July 8.—Acid placed in the center of a golf ball to give it resiliency was swallowed by Frank Wilbur Perry, 12 years old, with fatal results. The boy died Monday of hemorrhage of the lungs.

DR. FLEENER'S STATEMENT OF FACTS

The Specialist Who Devotes His Entire Time to Chronic Diseases of Men and Men Only

I Know How to Cure Nervous and Chronic Diseases of Men

Science is on the wing. Treatments used one year ago are back numbers now. To be a TOPNOTCH Specialist requires not only skill and energy, but capital. The public is not satisfied with a doctor who sticks in the OLD RUT. Neither is it satisfied with the electric belt fakes or the pretending specialist. Nowadays men demand up-to-date treatment, not smooth talk and empty promises. To be a leader now it is absolutely necessary that you possess an EXPENSIVE LABORATORY where scientific investigations can be continually carried on. This I have, and I am prepared to give my patients the benefit of all the GREAT DISCOVERIES as soon as they are perfected. Others watch my announcements and at once they claim to do the same things. Men come to me because they read my STRAIGHT-FORWARD OFFERS, or because I have CURED some of THEIR FRIENDS. I AM PROUD OF MY RECORD.

"914" CURES BLOOD POISON

No Pain, Return Home Same Day

Giving a patient Neo-Salvarsan, "914," Prof. Ehrlich's New German Remedy for Blood Poison. This is the intravenous method, directly into the blood, the only way it should be given.

Extract from letter of Prof. Ehrlich: "Judging from all the reports received by me, it appears that the intravenous injection is to be preferred to all other methods of administration, as far as permanency of effect is concerned. Although I have to admit that this method of administration will prove an obstacle to the introduction of the remedy in general practice, on account of certain technical difficulties, I believe that the interests of the patient demand that only the most efficient form of treatment should be decided upon."

"I should feel much obliged to you if you will—as heretofore—assist me in this direction, and in the future employ as much as possible the intravenous mode for the administration of the remedy."

(Signed) P. EHRLICH.
Thomas A. Edison, the great "electrical wizard," says: "The German discovery for the cure of Blood Poison is the most important achievement of the year 1911—and that most of us have the disease and do not know it."

I guarantee a painless and safe treatment, giving the Genuine German Remedy according to the great German professor's latest instructions.

MY METHODS appeal to those who THINK and who want the benefit of the LATEST SCIENTIFIC PROGRESS that drives DISEASED GERMS out of your body. My advice is FREE and valuable, whether you are treated or not. If you need help, make your wants known to an HONORABLE SPECIALIST. No matter about money. COME if possible. IT'S BEST. I will explain to you my treatment for Varicose Veins, Nervous Debility, Blood Poisons, Kidney Diseases, Bladder Troubles and other diseases of mankind.

WARNING—Electrical Treatment, Electric Belts, Suspensory, Bandages, Medicines, locally or internally, will never cure any man of Varicose Veins, Hydrocele, Piles, Rupture, Stricture, Fistula, and when a doctor tells you he can cure you by such methods, he is only after your money.

DR. FLEENER.

YOU DON'T PAY IF I DON'T CURE LEARN MY METHODS

The FEAR OF FAILURE to obtain a cure in your case may have deterred you from taking treatment, or you may have been one of the unfortunate who have been treated in vain by inexperienced physicians. FREE TREATMENTS, FREE TRIAL SAMPLES, PATENT MEDICINES, or by false testimonials you may have been lured to a combination of traveling men representing themselves as great specialists, but having no knowledge of medicine. When you come to my office you see a regular licensed physician. I am in no way connected with any doctor, company or combination of men who copy my advertisements. My conscience, my profession, my reputation and teaching condemn all such quackery. No books, almanacs, nor symptom-blank schemes. No reputable doctor will resort to such methods.

Dr. Fleener Co., Specialists

I Charge Nothing to Prove My Methods Will Cure

BLOOD POISON, SKIN DISEASES, URINARY OBSTRUCTIONS, STRICTURE, VARICOCELE, HYDROCELE, NERVOUS DECLINE, MALE WEAKNESS, PILES, FISTULA, KIDNEY, BLADDER AND PROSTATIC AFFECTIONS, DRAINS AND ALL NERVOUS, CHRONIC AND SPECIAL DISEASES OF MEN DUE TO EVIL HABITS, EXCESSES, OR THE RESULT OF THE SPECIFIC DISEASES.

DISEASES OF MEN

Lost Power the Cause of Mental and Physical Suffering

Perfect health is possible only when every function of the human body is properly performed. Man is the paragon of animals, the perfection of all created beings, but how seldom do we see the true, the perfect man, walking among his fellows a solitary gem? How many who fall to reach the dimensions of their splendid model! And yet the young man, the middle-aged man, the man of mature age who walks the streets with head hanging, afraid to meet the eye of his fellow beings, dreading lest they read his inmost secret, still follows the paths of ignorance for while his youth may be wrecked, while his vitality may be lowered, while his body may be the prey of his mind, yet there is hope, that his living death may turn and give him years of happiness, lifting him to that plane of manhood which all men should tread. I want to help men who are weak in vitality, who are nervous, despondent and lacking self-confidence; who feel as if old age was coming on too soon, because of the dulling of their youthful fire and ambition.

A SURE CURE---A SMALL FEE

To be strong is the aim of every man, and yet how many we find who are wasting the vitality and strength which Nature gave them. Instead of developing into the strong, vigorous man that Nature intended them to be, they find themselves stunted and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of that dread disease, nervous debility, their finer sensibilities blunted and their nerves shattered. It is hard for a weak man to have noble sentiments; such things are born of warm blood, healthy nerves and a strong heart. Every weak man is more or less despondent, lacks the magnetic enthusiasm of youthful energy, and should not hesitate to make almost any sacrifice to again be happy, light-hearted and full of joyous impulses, to be free from brain wandering and dull, stupid feeling, to have confidence and self-esteem, and command the admiration of men and women. It is the law of Nature that all of the powers of the body and brain should be retained unimpaired until the last. The vitality of youth can be conserved by right living, and it is only because men ignorantly and recklessly waste their store of nerve force that they become feeble wrecks and find life not worth living. Scores upon scores of men of all ages and in nearly every walk of life have been rescued by Dr. Fleener. With him the treatment of these diseases is not an experiment. If he feels that he can't cure you, he says so and you part friends. You cannot afford to neglect this condition; neglect has strewn the seeds of discord and unhappiness in hundreds of homes, which otherwise would have been the abode of peace and happiness. The greatest gift to man is a healthy, Manly System; if your vitality is not what Nature intended, you are the cause, and inasmuch as it lies within your reach to have this gift restored, what man, who is truly a man, will not seek the opportunity?

Do You Suffer

with sour stomach, bloating after eating, headache, backache, dizziness, specks before your eyes, hot and cold flashes, lame back, scanty energy, ambition, vim, vigor, vitality, bashful, timid, nervous weakness, loss of confidence, brooding, blues, lack of ability to concentrate mind, thoughts wander, cold feet, itching of skin, vital loss, excessive thirst, pain around the heart, at base of brain or down limbs? Do you have difficulty in fixing your thoughts? Is your memory poor? Do you get weak suddenly? Are you nervous and irritable? Are you the man physically and mentally that you formerly were? Can you accomplish what your healthy friends and acquaintances can? If not, you are laboring under a great handicap. Come and let me make you strong and well again at a very small cost.

I also cure Rupture, Rheumatism, Piles, Fistula, Kidney and Bladder and Prostatic Diseases, Blood Poison and all other Men's Diseases quickly, permanently and without pain or loss of time. Examination free. Begin treatment now—today. All letters promptly answered.
